

## TRAINING CIRCULAR 11 OF 2003

F.No.11-TR(21)/97

Dated :August 12, 2003

**Sub: : Selection of Candidates for pre-sea courses.**

**It has come to the notice of the Directorate that one of the institutes has advertised for a specific pre-sea course to begin on a particular date. In the meantime M.S. Notice No. 24 of 2002 was issued changing the eligibility criteria. However, the institute claimed to have wrongly admitted the candidates in the next batch based on this particular advertisement and as such the candidates already admitted for subsequent batch were found ineligible as per age/ marks criteria as stipulated in M.S. Notice No. 24 of 2002.**

**To avoid such incident, it is directed that henceforth for pre-sea training the institutes shall advertise and shall admit candidates only for that particular batch. If there are more candidates than the requirement, then they can be called for future batches provided they meet the prevalent guidelines at that point of time of new batch which the Directorate General of Shipping may revise from time to time. The training institute in such cases should ensure that no funds is collected from any candidate in advance and no commitment is given for admission to candidate.**

**This may be strictly followed by all the Training Institutes conducting pre-sea training.**
